

Would you like to learn more about Bolsa Chica Beach & Wetlands?

Would you like to help Amigos with keeping an eye on Bolsa Chica's water conditions, productivity and chemistry?

Then sign up for Amigos' Citizen Science Monitoring Program

You will . . .

- learn how to monitor phytoplankton;
- identify potentially harmful plankton species;
- measure water quality variables such as temperature, salinity, pH and nutrients;
- help in teaching junior high and high school students about environmental quality;
- be part of a network of citizen scientists that collect data all over the state and nation!

**Trainings ongoing at the Bolsa Chica State Beach Visitor Center
Contact us at flow@amigosdebolsachica.org to sign up!**
