## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

## School Facility Conditions and Planned Improvements

Cypress High School opened its doors in 1973. The 39.7-acre site includes 70 regular classrooms. Additionally, there are seven specialized rooms for classes in culinary arts, choral music, instrumental music, dance, preschool, and two weight conditioning rooms for athletics. There are 15 classroom labs, ten for science, and five for computer technology. The site also includes a cafeteria, a library/media center that houses two additional computer labs, an auditorium, two gymnasiums, a newly renovated pool facility, and a variety of sports fields.

**Maintenance and Repair:** Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

**Cleaning Process and Schedule:** The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure. Hands-free watering stations and touchless hand-sanitizing stations are throughout the campus.

**Modernization/new construction:** The most recent Cypress High School project, about 8 years ago, yielded 16 additional classrooms, a practice gym, and additional student and staff parking. Modernization also included 9 campus buildings and encompassed 72 classrooms.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2023-24 Career Technical Education Programs

Cypress High School has 13 career pathways that represent several industries that suit the needs, interests, and demands of its diverse student body. During the 2024-2025 school year, courses were offered in the following career industries: Design Visual and Media Arts (Animation), Design Visual and Media Arts (Graphic Communication), Design Visual and Media Arts (Photography), Managerial & Production Arts, Child Development, Software and Systems Development, Food Services and Hospitality, Law and Justice (Legal Practices), Law and Justice (Public Safety), Patient Care, Entrepreneurship & Self Employment, Energy & Power Technology, Engineering & Architecture.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on universal design for learning, ensuring that all students can access the curriculum. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible, the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired of employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region. In addition, each year, Cypress students send representatives to the

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2024-25 Opportunities for Parental Involvement

Parents are actively involved with the school through Parent Teacher Student Association (PTSA), booster clubs for athletics and performing arts, School Site Council (SSC), English Learner Advisory Committee (ELAC), and other special committees such as WASC's Parent Focus Groups. Parents are invited to attend a variety of informational nights throughout the year to learn about topics such as freshman orientation, scholarships, college financial aid, and parenting strategies. Parents are invited to participate in Parent Learning Walks on campus, including specific language-based learning walks for those parents who are English, Spanish, Korean and Arabic speakers. Parents have the opportunity to communicate with teachers on a daily basis through the use of academic planners (required for all students), email, and phone calls. Parents may access their student's academic, attendance, and behavioral information using the Aeries and eKadence student database parent portals. Information regarding school activities, events, and counseling services are posted on the school website at [cypress.auhsd.us](http://cypress.auhsd.us) and is also communicated via the Aeries ParentSquare tool. Our community support liaison (or FACES) is in daily contact promoting and communicating pertinent information to our community through social media, our school's website, and ParentSquare communications. Parents are encouraged and expected to be part of their student's education and to meet with staff members to improve the learning experiences for their students.

## 2024-25 School Safety Plan

School Safety Plans are reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups along with the School Safety Focus Group and School Site Council in order to determine any needed changes. The Cypress High School Safety Plan is implemented by staff members and the administration. No less than

four safety/evacuation drills are conducted throughout the school year. Students, teachers, and other faculty members are required to participate in these drills and it is our intent to have a well-informed and well-practiced campus for the 2024-2025 school year. We are currently revising our safety plan to update information and procedures for in-person paradigms for staff and students and to ensure we are doing everything possible to ensure a safe environment for all stakeholders. School lockdown procedures and evacuation procedures will be practiced throughout the school year; we will also create announcements and tutorials to be broadcast on our video announcements.

## Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented. Cypress High School uses our staff members as professional resources and utilize many credentialed staff to act as peer instructors; topics include lesson design, technology, eKadence Learning Management System, as well as civic engagement opportunities.

In addition to what the district provides, Cypress High School has weekly professional development opportunities on Thursday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
